- Storage building is not designed for habitation.

## Mantenimiento y seguridad

- Periódicamente revise el cobertizo para asegurarse de que permanece estable y el sitio sigue estando nivelado.
- En áreas de fuertes vientos se recomienda anclar el cobertizo a una plataforma o al suelo, haciendo perforaciones en el piso en lugares indicados y asegurarlo con los bulones apropiados (no incluidos).
- Limpie el cobertizo con una manguera de jardín o un detergente suave. No utilice detergentes, materiales o herramientas de limpieza abrasivas.
- No debe almacenar en el cobertizo elementos calientes como braseros o parrillas recién usados.
- No deben apoyarse elementos pesados en las paredes, ya que esto podría provocar deformación.
- Mantenga las puertas cerradas y sujetas cuando no use el producto para prevenir daños.
- Para maximizar su desempeño del producto, quite el exceso de nieve o la acumulación de escombros del techo.
- No debe treparse al techo.
- El cobertizo no está diseñado para ser habitado.

## Entretien et sécurité

- Il est recommandé de vérifier l'abri de temps en temps pour vous assurer qu'il demeure stable et que le site reste à niveau.
- Dans les zones de vents puissants, il est recommandé d'ancrer l'abri à une plateforme ou au sol, en perçant des trous dans le plancher aux endroits désignés et de l'fixer avec des attaches appropriées (non fournies).
- Il est recommandé de laver l'abri de rangement avec un tuyau d'arrosage ou un détergent doux. Ne pas utiliser de détergents abrasifs, du matériel ou des outils de nettoyage.
- Les objets chauds comme les barbecues venant d'être utilisés ou les foyers ne doivent pas être rangés dans la remise.
- Les objets lourds ne doivent pas être appuyés contre un mur, car ils risqueraient de causer une déformation.
- Lorsque la remise n'est pas utilisée, gardez les portes fermées et verrouillées pour éviter tout dommage.
- Afin de prolonger la durée de vie de l'article, enlevez la neige et les débris qui s'accumulent sur le toit.
